## **Welcome to PIIT**

*The Prince Institute of Innovative Technology (PIIT) was established in the year 2003, under the aegis of Bharat Veerangana Avantibai Educational Sansthan, a non-political registered Sansthan, bearing Regn No. 1100-1003-2004 under the Societies Registration Act, 1860. The Sansthan has been named after The Great Martyr Freedom Fighter Veerangana Avantibai who fought bravely against the British Rule in India and sacrificed her life for the noble cause of Independence of India.*

*The PIIT aims at opening the flood gates of knowledge, creation of new thoughts and ideas, the incessant efforts to explore the mission of life and the commitment to fulfill the technological and academic needs of the nation. Keeping in view the international scenario, development and modernization of National needs, the Institute has been playing active role in imparting excellent training and quality education to the youths, inculcating in them a sense of leadership in various professions, industries and other fields of development. The Institute is imparting professional and technological education in an innovative manner with high quality of teaching and excellent professional training with the help of qualified faculty, well-equipped labs and library and available association and guidance of eminent educationists and renowned scientists. PIIT has linked education with the over all development of our country echoing aim at "Earn while you learn."*

*I am also happy to convey that effective 1st May 2016, our highly qualified and experienced team of academicians, scientists and technocrats have taken over the complete charge & management of Gyanpeeth Educational Society which is running (i) Bharat Institute of Technology Sonapat (BiTS), (ii) Bharat Institute of Polytechnic (BiPS), Bharat Institute of Nursing (BiNS) and Bharat Institute of Pharmacy (BiPHS). A large number of experts and eminent educationists in the fields of Science, Engineering, Social Science, Teacher Education, Management, I.T., Bio-Technology Pharmacy, Nursing etc. are associated with this Institute.*

*I am of the opinion that "Dreams do come true ! Only thing you need to have in yourself a strong determination, ability to work hard and proper steering channel which becomes a guiding light for you to trace the correct path. As a chairman, I assure you that we shall continue to maintain the tradition of excellence."*

*I wish the students a bright and golden future.*

## WORDS OF WISDOM

### Message from Chief Academic & Planning Adviser

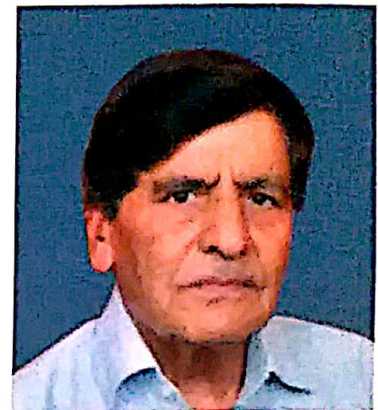

Education is the fastest vehicle for the overall development of the individual, the institution, the society and also the Nation. The main aim of an Educational System is to educate and train our youths to serve the society, fulfill the needs of national development with the international standards. To meet these ends we require our educational institutes and the universities to efficiently perform three basic tasks: propagation of existing knowledge in terms of quality teaching; the creation of new knowledge for human development in terms of excellent research; and generation of awareness among the students, society, administrators and the political leaders about the national and global problems and also to suggest the solutions of these problems. The main task of academic leadership is to identify the innovative methods to meet these requirements. For the First task (efficient propagation of existing knowledge) the academic leadership must create the atmosphere for quality education and the educational management must implement the suggestions and directions given by academic leadership. For the second task we need excellence in research (fundamental, applied, and innovative). A good academic leader must encourage both these tasks in all possible manners by his own example and put all his efforts to efficiently manage all types of education (traditional, professional, technical, vocational, and skill development).

I have been observing since last many years the untiring efforts being made by Dr. Bharat Singh to perform all these three tasks in his institutions (PIIT, Greater Noida and BiTS, Sonapat). Beside these basic tasks he has also introduced the innovative methods of talent search among the students of his institutions and also other nearby institutions and then awarding scholarships to the selected talented students. He has also introduced the innovative methods to provide the opportunity to his students. He has also introduced the innovative methods to provide the opportunity to his students for earning while learning in his institutes. I found him helping the poor students from rural areas by providing remarkable concessions in tuition fees and other charges. I also observed him encouraging the female students in all courses by giving remarkable concessions in all charges including tuition fees.

In view of all these facts I wish for the overall growth of all his institutions for the service of Nation.

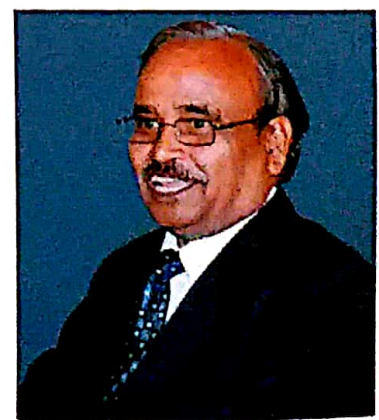

### Message from Director General

It is my earnest privilege to be a Director of renowned institute - the PIIT, having outstanding Graces, Glories & Grandeurs quite congruous to well known old academic institutions having Science, Technology and Management study structures in the country. PIIT has been established with the aim to prepare the younger generation to combat in the Era of Globalization along with competitive advantages as well as to prove themselves as the fittest educated citizen at par with internationally renowned Professionals, Scientists. PIIT is firmly devoted to initiate with Innovative Structure of Education, relevant to the Nation & Globe. PIIT is formed to provide concession in fee to poor & needy persons, especially those from the socio-economically backward BPL class, tribals, wards of war victims. The emerging Research & Developments aimed at PIIT structure are also commendable to meet out most fundamental requirements of society like problem of Energy-Crisis, problem of pollution, the Man-Made (Nuclear Warfare, Global warming...) as well as the Natural Calamities (Earth Quakes, Tsunami...) of future millennium including the education for poor and downtrodden rural youth & for removal of illiteracy at length.

## Message from Principal

Education is the manifestation of perfection already in man. Students are the builders of the Nation. Life is not always smooth-sailing. This world is a combination of good and evil. Success in life mostly depends on the power of concentration.

Clear thinking and intellectual understanding are very easy for a concentrated mind. Teach yourself, teach everyone. Power will come, glory will come, goodness will come, purity will come, and everything that is EXCELLENT will come, when this sleeping soul is roused to self-conscious activity.

We at PIIT believe in all round development of the students, i.e. physical, mental, social and spiritual. PIIT has the glorious past with excellence in education, imbibing moral & ethical values, and research activities. It is my advice to one and all- "Be Arise, awake and stop not till the goal is reached".

## Message from Secretary cum Registrar

I am glad to inform our readers and prospective students that our Institute was established at Ghaziabad in 2003 under the aegis of Bharat Veerangana Avantibai Educational Sansthan (BVAES) having affiliation for B.Ed. course from CCS University, Meerut. Later on this institute shifted and promoted with hard working with positive efforts of all staff members to its new campus at Greater Noida and got regular affiliation with, CCS University, Meerut for BBA & BCA courses, MBA from UP Technical University, Lucknow (Now AKTU Lucknow), Diploma Polytechnic Engg. Courses from Board of Technical, Education, Uttar Pradesh, Lucknow and then got affiliation with good standard in the area of professional education. During this my journey of 16 years, this institute have gained good position in the field of Professional/Technical Education. In 2016, with the help of BVAES, Bharat Group of Institutions have taken over a well established Technical Campus at Sonapat, Haryana which is running ITI, Diploma Engg., B.Tech., M.Tech, B.Pharm, D.Pharm, MBA, BBA, ANM and GNM courses.

In this Institute we are running Extra Classes for weaker students. We are trying to our best that our initiatives help the ongoing efforts of the Government to make the professional education accessible and affordable by adopting Government Slogans/Schemes e.g. "Beti Bachao-Beti Padhao" and Skill Development Programs.

## Message from Director

PIIT is the premier and oldest Institute in Greater Noida encompassing congregation of global knowledge and Indian moral values & ethical knowledge. It provides a unique opportunity to its students to gain insights into tomorrow's technology. Having a glorious record of about 15 years, the upcoming engineers & managers are groomed with multi-disciplinary traits and modern techniques. PIIT stands for his quality and excellence. The pursuit of excellence in all its myriad dimensions is a continuous and relentless endeavour at the Institute and it follows an eclectic and inclusive approach that is committed to take the benefits of education.

Educated women are the real architects of Society. They are full circle within themselves to create, nurture and transform. We are, therefore, giving concession in fee to the girl students, under the "Beti Bachao-Beti Padhao" campaign launched by our Hon'ble Prime Minister, enabling them to build themselves a strong woman. Our encouragement to women shall built her a strong woman. After getting higher education, she will continue to break down walls and defy stereotypes.

## Message from Additional Director (Management)

**Dr. V. Aravind**  
Additional Director (Management)

The economic transition is from a Trans-national, International, Multinational to a Global and Multi Polar economic world driven by various social, political, economical and technological factors increasing the magnitude and efficacy of competences. The dynamics of economy has moved down to a single landscape, competitive market in the multipolar economic world. Business is challenged to develop and improve their services continuously to sustain, needless to mention more for survival. The business is forced to change with the fast changing dynamics wrapped under constant compulsions to improve its talent, capability and competence to succeed in the race, forced to update the technology, skills and techniques to keep pace with new concepts, policies and ideologies. In short the process requires the Government and the business to develop their competence and improve constantly. Limited application of excellent models partially in a specific function will not yield any concrete result. There is need for a comprehensive application of strategies for all the functions covering the total of any business or Govt, aiming Total Corporate or Governance Fitness, warranting educated younger generation with exposure to management and governance take the lead. This constant search for talent, skill, expertise and excellence will be amply supplemented with results by PIIT in a much comprehensive manner more than any management institute, caring for people, planet and profit. Expertise brooks excellence.

## Message from ADM (Finance)

**Bachchu Singh**  
PCS  
ADM (Finance)

I am delighted to convey that PIIT is one of the premier institutions imparting higher education where professional values and moral ethics are taught to the students and regular morning prayer is solemnized in the Institute campus. My Reverend Guruji Brahmishi Sri Guruvanand Ji Swamy, in his words of wisdom, has said, "Morning means one more inning which we use to start with the onset of the sun. We keep growing experience by experience. Every experience either gives us what we want or gives us the awareness, why we did not get what we want."

There is no denying the fact that a mere 'Soulful' education seeks to open the mind, warm the heart and awaken the spirit of each student, College plays an important role in facilitating the development of their spiritual and religious qualities. Assisting students' spiritual growth will help create a new generation who are more caring, more globally aware, and more committed to social justice than previous generations while also enabling students to respond to the many stresses and tensions of our rapidly changing technological society with a greater sense of equanimity. The chairman Dr. Bharat Singh, being a Scientist, always says "Be modern but with spiritualism; that our lives have a meaning and purpose greater than the mechanistic laws described by science."

Providing students with more opportunities to connect with the "inner selves" facilitates growth in their academic and leadership skills, contributes to their intellectual self-confidence and psychological well being and enhances their satisfaction with college.

In the words of my Guruji, "Your life will serve only in two ways-either as an example or as a warning for others."

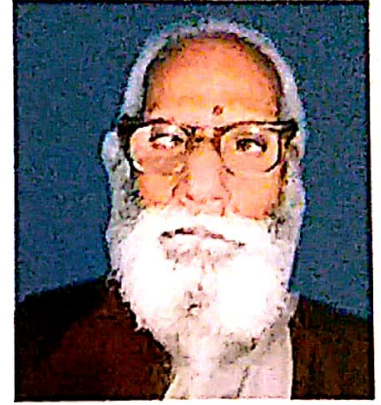

## शिक्षा सलाहकार की ओर से संदेश

मुझे इस श्लाघनीय शिक्षा संस्था में बी.एड. के प्रारम्भिक तीन सत्रों के संचालन का सौभाग्य प्राप्त हुआ और उसकी चार विशेषताओं ने मुझे विशेष रूप से प्रभावित किया - (1) डॉ० भारत सिंह - जैसे उच्चतम शिक्षा प्राप्त अनुभवी संस्थापक, (2) संस्था का भव्य भवन तथा मनोहर वातावरण, (3) शिक्षकों का सम्मान तथा निर्धारित वेतन का नियमित भुगतान और, (4) सफल शिक्षण के लिये अपेक्षित समस्त सुविधाओं की व्यवस्था।

डॉ० भरत सिंह ने वर्षों तक कॉलेज-स्तर पर अध्यापन किया है। आपका सर्वोपरि गुण यह है कि स्वभाव से विनम्र एवं निष्कपट होने के कारण हर किसी का विश्वास कर लेते हैं। भरत सिंह जी नयी शिक्षा संस्थाएँ स्थापित करने की अद्वितीय क्षमता के धनी हैं। मुझे प्रसन्नता है कि पी०आई०आई०टी० के चरम विकास के लिये आपको अनेक महान शिक्षाविदों और राजनीतिज्ञों का निर्बाध सहयोग सदासुलभ है। मेरी अपनी सेवाएँ इस महान् संस्था के हितार्थ पूर्णतया अर्पित हैं।

मैं पी०आई०आई०टी० की उन्नति के चरमोत्कर्ष पर पहुँचने की कामना करता हूँ।

डॉ० वेदराम वेदार्थी

पूर्व डीन शिक्षा संकाय, आगरा विश्वविद्यालय

## संदेश

वर्तमान परिप्रेक्ष्य में विद्यार्थियों का चहुँमुखी विकास परमावश्यक है। शारीरिक, मानसिक एवं आध्यात्मिक विकास (आत्म-विज्ञान) का संतुलन विद्यार्थियों के उत्तरोत्तर उन्नयन में सहायक होता है। प्रगति रूपी नदी के इन छोरों को बांधने के लिए सांस्कृतिक पक्ष एक सात्विक सेतु का काम करता है। इस सेतु के निर्माण हेतु यदि मेरा सहयोग कहीं काम आ सका, तो इसे मैं सचमुच अपनी मानवीय धरोहर के रूप में स्वीकारूंगा।

संस्कृति स्वयं में एक अविरल प्रवाह है। इस प्रवाह के साथ जो जुड़ जाता है, उसका दृष्टिकोण स्वतः ही प्रगति की ओर मुड़ जाता है। अनुशासनात्मक पहरा विद्यार्थियों के व्यक्तित्व को और भी निखारता एवं गहरा बना देता है। निरंतर प्रगति-उन्मुखता मानव को उसके निर्धारित लक्ष्य की प्रगति में सहायक सिद्ध होती है।

शुभकामनाओं सहित,

डॉ० बहादुर सिंह निर्दोयी

राष्ट्रीय सन्त कवि एवं सांस्कृतिक सलाहकार

## Message from Media Director

Prince Institute of Innovative Technology (PIIT) which imparts world-class education, is a multi-disciplinary, student-centric, research-focused institution, offering a full range of academic programs at the undergraduate & postgraduate level. It is an experience where everyone associated is part of a dream, a mission to see that we nurture truly great leaders. Through interactions, over the years, with the laureates and great leaders in the field of education, science & engineering, I have realized that we Indians have the intelligence, the talent and the potential to be the more successful people in the world.

## OUR VISION

To become a center of excellence in the field of Engineering, IT, Management, Biotechnology, Education, R & D and training comparable to the best in the country and abroad for producing best technocrats and professionals, who shall be the leaders in innovation, creativity and management.

### Objectives

The Institute is committed to provide valuable contribution in achieving the goal of **"Transforming India from Developing nation to Developed nation by 2020"** set up by the former Hon'ble President of India and endorsed by the Government. The values of equality and social justice cannot be established in society without upliftment of the weaker, most backward and oppressed sections. With this mission in view, PIIT has the following objectives :

- To impart job-oriented professional and technical education of good quality to the students, with special emphasis to those hailing from socio-economically backward, scheduled castes and tribal families, OBCs, down-troddens, minorities, women, labours, disabled and neglected ones who cannot afford the expenses of learning in higher education system.
- To provide the best of creative quality education & overall development of students. To make them successful technocrats, real scientists in close consultation with industry and R & D throughout the world.
- To promote and strengthen research activities.
- To impart excellent professional training to the professionals with special skills and advanced technical know-how matching the global educational trend.
- To organize programmes of social and national needs like Literacy Drive, Environment conservation and sustainable development, Energy Conservation, Health & Hygiene, etc.
- To extend help in Disaster Management and Disaster Control.

### Our Mission

To strive hard for creating an ambience to quality education, training and research in the fields of Science, Technology, Management, education etc and to provide a platform to imbibe and enhance human values, ethics and morals in our students and to provide a platform to the students to enhance their skills in various fields.

### Future Plans

Our Future Plans are based on our basic goal to create the latest and advanced systems for, academic, technological and professional development.

### Bharat Veerangana Avantibai University

The Bharat Veerangana Avantibai Educational Sansthan is going to establish a self-financed private university under the name & style, **"Bharat Veerangana Avantibai University"**. The university will be set up in Sonepat Gohana Highway, Haryana. The proposal has been sent to the HR State Government for approval.

The university will be set up in rural area to cater to the academic needs of poor people. It would help in raising the standard of the rural community and provide better opportunities for generation of employment.

The Aim of the University shall be to impart education for the overall development of the students, i.e. physical, social and spiritual education, manifestation of perfection already in man and transform them as national-builders with the clear-cut message, **"Be Arise, Awake and stop not till the goal is reached."** It will act as a catalyst in projecting the students and people of India educating the younger generation to cope up improve its talent, capability and competence to succeed in the race, force to update the technology, skills and techniques keeping pace with new concepts, policies and ideologies.

The Aim of the University shall also be to provide insights that are directly beneficial for the preparation as professionals gearing up to be placed in an extremely dynamic national and global advanced systems and technologies. Preference will be given to prepare the youngsters to combat in the era of globalization along with competitive advantages as well as to transform them as the fittest educated citizen at par with internationally renowned professions and scientists. Our focus would also be on **SKILL Development** and digitalization so that the younger generation is recognized globally for excellence and their valuable contribution to industry, society and nation as a whole.

## INDUSTRIAL VISITS

Industrial visit is a part of the management course, during which students visit companies and get insight of the internal working environment of the company.

The industrial visit also provides an insight on how companies work and also useful information related to the practical aspects of the course which cannot be visualized in lectures.

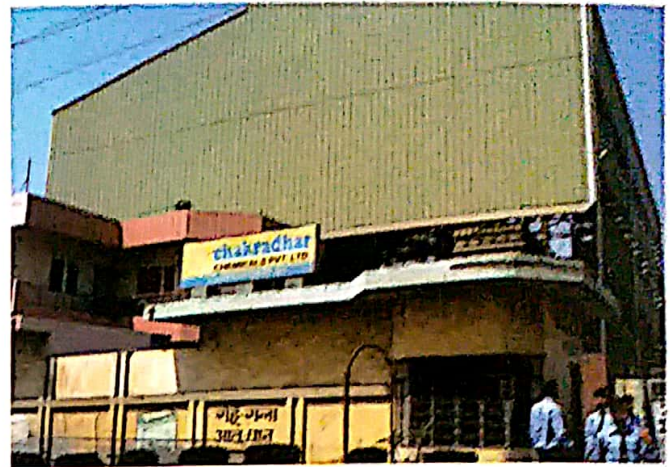

PIIT students visit an Industry

We take a group of students for a guided tour into the premises of various industries, providing them information about the background of the companies and their current position in the global business scenario.

An Inside view of the Industry

Industrial visit is considered as one of the most tactical methods of teaching. The main reason behind this – it lets students to know things practically through interaction, working methods and employment practices. Moreover, it gives exposure from academic point of view.

PIIT students at Chakradhar Chemical Pvt. Ltd.

The aim of such visit is :

- Exposure to Actual Working Conditions

## SKILL DEVELOPMENT PROGRAMME

Deen Dayal Upadhyaya Grameen Kaushalya Yojana (DDU-GKY) is the skilling and placement initiative of the Ministry of Rural Development (MoRD). DDU-GKY has its origins in the Aajeevika Skills Programme and the 'Special Projects' component of the Swarnjayanti Gram Swarozgar Yojana (SGSY). The scheme focuses on catering to the occupational aspirations of rural youth and enhancing their skills for wage employment.

Implementation of DDU-GKY involves State Governments, Technical Support Agencies like the National Institute of Rural Development and Panchayati Raj (NIRD & PR), and Project Implementing Agencies (PIAs). Parties interested in running a DDU-GKY training program and assessment in partnership with the IT-ITeS Sector Skills Council NASSCOM are expected to produce a sanction letter from MoRD for the same.

Prince Institute of Innovative Technology, Greater Noida has been granted following trades in various Districts like Aligarh, Bulandshahr, Etah, Kasganj and Badaun. The trades are given below :

## An Important Note To All Students & Their Parents

### **RAGGING IS STRICTLY PROHIBITED**

Students are directed not to involve in ragging or any type of such activity which is subversive to law and order. If any student is found indulged in ragging, disciplinary action, as deemed fit, will be taken against him/her. The Supreme Court ruling in this context says, "If the authorities are prima facie satisfied about the errant act of any student, they can in appropriate cases pending final decision, suspend the student from the institution and the hostel, if any, and give opportunity to him/her to have his/her say (later). But, in any case he/she would be mandatorily reported to the police, a serious development that could have telling effect on a student's career. Immediately, the police shall be informed and criminal law set into motion." Each student and parents are required to submit affidavit in this regard :

### **UNDERTAKING**

Each student, at the time of admission, shall give an undertaking on the following, that :

- ◆ He/She will not take part in Ragging or any activity which is subversive to law & order.
- ◆ He/She will not use mobile phone in Institute premises.
- ◆ He/She will maintain discipline in the Institute.
- ◆ He/She will not damage the Institute property.
- ◆ He/She will come to the Institute in prescribed uniform.
- ◆ He/She will possess Identity card while in the Institute.
- ◆ He/She will attend the classes regularly.
- ◆ He/She will pay the college dues regularly & on time.
- ◆ He/She will not take part in political or other activities which are detrimental to the interest of the Institute.

Disciplinary action as deemed fit shall be taken by the Institute authorities against those found violating the rules & regulations of the Institute. The action may include detention from the examinations, rustication etc.
